28.10.2026 № 665

CJSC "Remeza" was founded in 1989. The company's primary objective is to manufacture reliable, affordably priced compressor equipment, incorporating components from the world's leading manufacturers. The company's quality management system is certified in accordance with the international standard ISO 9001:2015. All compressor equipment produced by the company is certified for compliance with European safety standards and the technical regulations of the EAEU (Eurasian Economic Union). The company's compressor equipment is successfully exported to countries within the CIS and Europe.

Currently, ZAO Remeza manufactures a wide range of compressor equipment:

- oil-injected screw compressors with air or water cooling: pressure 5–20 bar, capacity 270–51,600 l/min, motor power 2.2–315 kW;
- oil-free screw compressors: pressure 1.5–2.5 bar, capacity 421–1,600 m³/h, motor power 22–90 kW;
- two-stage oil-free screw compressors: pressure 8.5–10 bar, capacity 5,100–42,500 l/min, motor power 37–250 kW.
- oil-free scroll compressors with a pressure of 8–10 bar, a capacity of 175–3280 l/min, and a motor power of 2.2–30 kW;
- vertical air receivers with a volume of 100–900 liters, rated for a pressure of 10–16 bar;
- a wide range of reciprocating (piston) compressors;
- specialized compressors for urban and railway electric transport.

We provide expert assistance in selecting the right compressor equipment, and we handle delivery, commissioning, and comprehensive warranty and post-warranty service.

You can view the full range of our compressor equipment on the company's official website: www.remeza.com.

Commercial Proposal

1. Установка компрессорная **SB4-8.OLD10HK:**

Quantity, pcs.	1
Number of compression stages	1
Number of compressor cylinders	2
Volumetric capacity, l/min. (m^3/h)	70 (4,2)
Maximal pressure, MPa (bar)	0,8 (8)
Nominal compressor shaft speed, min-1	1400
Capacity of the receiver, l	8
Noise level, DBa	48
Nominal power, KW	0,75
Attachment element	Quick release coupling European Profile
Condensate removal	automatic
Overall dimensions, mm, not more than: length width height	 500 505 1040
Net weight, kg, not more than	72
Manufacturer – ZAO "Remeza", Republic of Belarus	
Price per unit – 1312 euros	

Sincerely,
Director

A.A. Ukolov
